# Study on feasibility and effectiveness of tax reforms

## ➤ *To collect evidence, start a data bank and offer guidance on*

- drivers of and constraints on tax policy changes
- legal and institutional transformation underlying tax policy and administrative reforms
- determinants of effectiveness of policy reforms

## ➤ *How?*

- Multiple case studies (nine across 4 continents)
- Conducted with strong, common methodology that ...
- ...could continue to be used for further studies to enrich the data bank
